

C 109 (2019-20)

To,

Primary School Parents (Grade 1-Grade 7)

**Ref:** Important Announcement - Revised School timings and Schedule for the new academic year 2020-21

Dear Parents,

At the outset, we take this opportunity to wish your family a Happy Holi in advance!

With the new academic year commencing on April 2<sup>nd</sup>, we are in the process of finalising a number of important decisions especially the revised school timings and schedule for the new academic year. Mrs Jaiswal as the Head of School will be leading the Academic Orientations along with our Mumbai consultant Mrs Fatema Agarkar in the first week of April (dates will be shared with you by March 20<sup>th</sup>). The purpose of these orientations is to share with you our vision for each grade in terms of subject syllabus and milestones targeted, the teaching-learning process, home-work and assessment strategies and establishing a communication channel for all your queries including administrative and for co-curriculars. Feedback from you remains a critical component as we strengthen this home-school partnership.

By March 9<sup>th</sup>, 2020 we will declare the revised school timings and time-table for each grade for the new academic year for your ready reference. We have received feedback from parents, teachers and students and we are in the process of finalising time spent in school dedicated to teaching-learning and executing the co-curricular vision we have defined when we started the school many years ago. SVM will always be the 'Be More' learning environment with exposure to field trips, guest speakers and real life experiences through events and co-curriculars.

Our endeavour will be to incorporate all of this within the time the children spend in school.

We trust that you will support our vision as we declare this time-table next week and we are confident this revised time-table will work for your family vision as well.

Thanking you in advance for your patience and support.

Yours truly,

Darshana Dabke

Principal

SVM
