C 48 (2020-21)

Dear Parents (Grades III,VI,VII),

**Reference: Change of facilitator**

Greetings on the Festive Occasion,

Hope the learners were able to successfully conclude the Term One Examination in its true spirit that is it is intended for us as facilitators to understand their understanding of the topics with your able supervision we are confident that children are well on their path of their progress.

We write to you today for SVM always represents sense of openness and transparency and it is therefore necessary for us to communicate with you that one of our dear facilitators Ms. Shruti Adwani who taught English and Social Science, also the HRT of Grade VI unfortunately makes her way back to her hometown for a very special and joyous occasion she has formalized date for her wedding and given the difficult pandemic circumstances her family has fixed her mahurat which cannot be altered and given these are personal sentiments we have accepted her resignation and her last working day will be November 5<sup>th</sup> 2020.

We have reassigned all her classes and we have a fabulous team at SVM who is leading this.

Grade III English will be taken by Ms. Renuka who has done her M.A in English Literature.

Grade VI Social Science will be taken up by Ms. Priyadarshini who is a B.Ed and is presently taking Social Science in Grade V and Biology in Grade VIII.

Grade VII English will be taken by Ms. Rehana who is also B.Ed and has the experience of more than 15 years taking English, she has also taught ninth and tenth graders during her teaching tenure.

SVM facilitators are highly committed towards their duty and will ensure that the learners are able to develop an equally good rapport with these facilitators as well. Above all we are always open to your feedbacks and suggestions if any.

Yours Truly,

Monica Jaiswal

Principal

Sarvankash Vidya Mandir
