C 56 (2020-21)

To,

Whole School Parents

Dear Parents,

Greetings!

At the outset, wishing you a very prosperous 2021!

We look forward to the commencement of the new year at SVM with the promise that it holds, capitalizing on the learnings from 2020. For starters, as a community of teachers, parents, and students, we are now more experienced and understand expectations of the virtual world, and through the feedback received to our School Climate Survey of December 2020 where we invited you to share your thoughts, feedback, we are proud that you are pleased that our teachers have ensured that the teaching-learning process continued seamlessly and 2020 became a year of continued learning and a year of opportunities instead of challenges. As a team that strives to improve at every stage, we are overwhelmed with the response that we have received across all sections right from primary to middle school.

Some key takeaways for us:

- You value efforts made by our teachers
- You are thankful for the continued communication
- You are grateful for the Open Door policy of the school leadership team and the teachers when you want to share feedback
- You feel that your children are very comfortable with teachers, asking questions without fear
- You believe online is no different than the physical world but of course, your children miss coming to school in the physical world
- You are pleased with home-work strategies, assessment patterns

Strengthening our home-school partnership, we have also received some useful feedback which we are in the process of incorporating and look forward to creating effective and innovative learning platforms for our children. A special thank you to many parents who are inviting more families in Ratnagiri to visit the school and understand our teaching-learning processes so that our community grows with many more students who will benefit from our Be More vision.

We will continue to execute the School Climate Survey at regular intervals, as it helps us fine-tune strategies and optimize all our resources. Our goal remains personalized and customized learning for every child, and helping them with their personal and academic goals.

Thank you for your faith and support in us, it does wonders for our motivation and we continue to build on the solid start we have.

Yours truly,

Thank you.
Monica Jaiswal
Principal
