Reference: Clearance of the pending school fee

Dear Parents, **(Early Years - Nursery to Senior KG)**

It fills us with immense joy and pride when parents share the individual videos where we see our youngest SVMites reading sentences in Senior KG and knowing all the letter sounds and number recognition as per their appropriate age in Junior KG and Nursery.

As Facilitators our team has gone an extra mile to ensure that there is no academic loss of the learners and they are able to achieve the age appropriate miles' stones for Session 20-21.

NEP 2020 also reiterates the importance of Early Childhood Education. As parents you have been super cooperative by all means and thanks for getting into the role of teachers as and when required. It was undoubtedly the parent school partnership which led to this beautiful outcome.

As we are coming to the end of the session by March we request you to kindly clear all the dues (Pending Fee) by 20th of February. We are sharing individualised amounts so that you can transfer the exact amount required and do the online payment. Kindly share the screenshot once the payment is done.

Hope to receive the pending amount within the stipulated time frame.
