

Date- 9/11/2021.

C 33 (2021-22)

To,

Grade 6-9 School Parents,

Greetings!

Reference- Workshop on Goal Settings

Goals are specific and measurable outcomes. It is not impossible to reach great heights in your field or build a life for yourself that makes you feel happy and content without goals.

Hence we have planned a workshop on the same topic as we strongly feel that, the importance of goal setting lies in the fact that it gives direction to the journey, while also helping in overcoming obstacles. The objective of goal setting is to present yourself with a framework of opportunities along with the necessary planning required to pursue those prospects.

Do join us for a resourceful and interactive workshop

Date- 13th November 2020.

Time- 11.20am

Grades- 6 to 9.

Topic- Goal Setting.

Note- The session is highly recommended for parents and learners.

We request the students to be ready with notepads and pens before the session.

We request the students and parents to register beforehand, using the link.

Join zoom meeting
