

C 04 (2022-23)

To
School Parents (Grades 1 to 9),

Reference: Formation of the **Student Council** for Academic Session 2022-23.

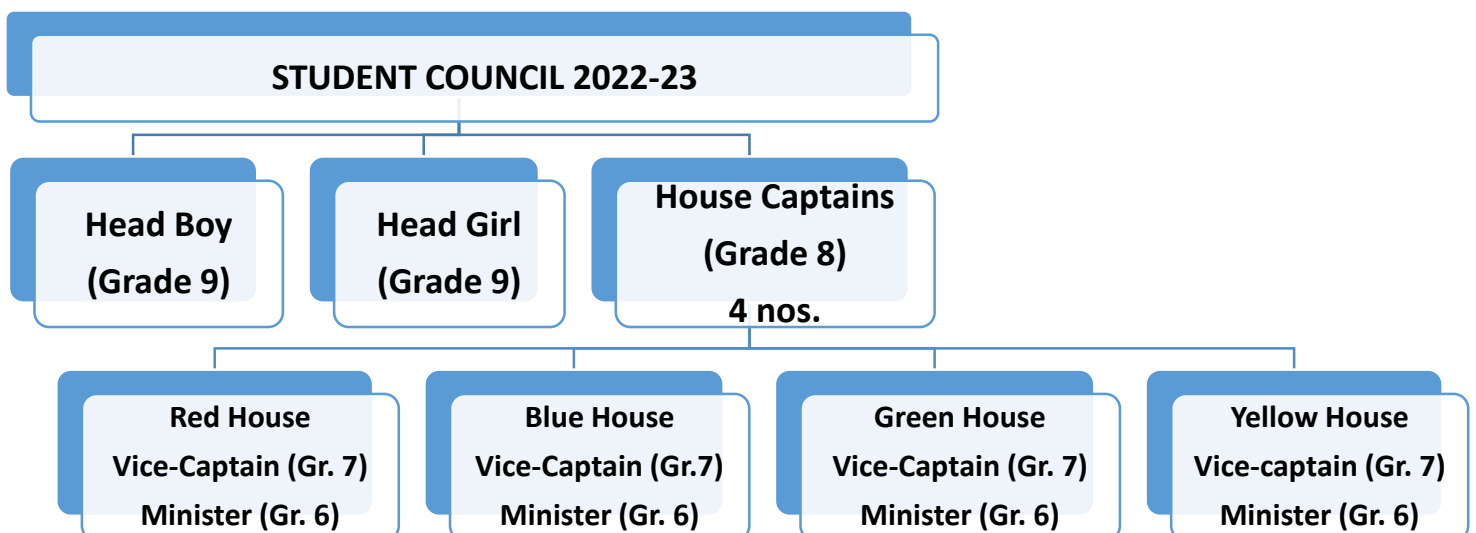

Dear Parents,

In the words of the Late John F. Kennedy, ***“Leadership and learning are indispensable to each other.”*** In other words, a leader cannot lead without knowledge and a deep desire to constantly learn; hence to occupy a leadership position, it is essential that one never stops learning, now be that from books, the lives of great men/ women and even personal experiences.

Welcome dear parents to the Academic Year 2022-23. We all know that a school not only imparts academic knowledge but also aids in building an individual’s character. In turn, character isn’t built overnight, but over the period of a child’s tenure at school. The single best way to impact a society is to focus on the development of leadership skills in our young learners. There is almost no limit to the potential of a child. Today with a wide range of exposure, we need to raise them as leaders and continuously develop them, to be future stalwarts and flag bearers of their cause and country.

This year the selection of the student council will be done using physical votes. The learners from grades 3 to 10 and the teachers can vote only for the house they belong.

List with house-wise distribution of learners is already shared. The details of the positions in the Student Council are listed below:

The following table highlights the important dates for the process of selection of the Student Council.
