To,

Whole School Parents

Dear Parents,

Greetings from SVM!

During the pandemic time. We ensured that regular thermal screening (temperature & oxygen check) was consistently done for learners and the entire staff.

After discussing with Principal Ma'am and our Safety and Disaster Management officer we have reached a consensus that the cases count has been subsidized and most of us are vaccinated by both the doses as well as the precautionary dose, we have decided to temporarily stop the thermal check process.

Our nurses, as well as the entire staff, will be vigilant and any symptoms, if noticed will be immediately brought to the notice of the parent, and the child will be isolated so that there is no further spread of the same. However, this does not include the minor viral symptoms of cold, cough, and fever.

Hoping for your cooperation and support.

Please feel free to share your suggestions.

Yours truly,

Monica Jaiswal

Principal

Sarvankash Vidya Mandir.
