School Parents (Members of Grow and Cook Club)

**Ref: A day with a farmer!**

Dear Parents,

We live in the fast food era. The new generation does not know where the food they eat is cultivated and how. Most of them do not have any idea about farms or farming. Hence, the Grow and Cook Club of SVM has organised a field visit to teach the value of agriculture to our fellow learners. This field visit aims to provide hands-on experiential learning environment which is invaluable to child's educational growth.

**A few objectives of this visit are as follows:**

- To understand practically about the conventional farming of crops in the field.
- To understand & analyse the problems faced by the farmers.
- To observe and understand the process of farming from sowing to harvesting.
- To study the irrigation pattern.

**Details about the visit is given below:**

**Date:** 12<sup>th</sup> July 2023

**Venue:** Patil Wadi, Sheel

**Time:** Within school hours

**Things to carry:** Blue trouser, any colour simple T-shirt (avoid fancy clothing), raincoat, napkin, rainy shoes, water bottle, diary and pen/pencil.

Thank you,

Grow & Cook Club-SVM
