Ref: One Child, One Plant Campaign

Dear Parents,

If the heat bothers you, plant a tree. If the water bothers you, plant a tree.

If you like fruits, plant a tree. If you like birds, plant a tree.

And if you like life, plant many trees.

It gives us immense pleasure to inform you that our school is planning a large-scale tree plantation drive in sync with CBSE's One Child, One Plant Campaign in the coming week.

As you all know trees play a crucial role in maintaining the balance of our ecosystem, and we believe that it is our responsibility to contribute towards their growth and preservation.

We request all of you to participate in this drive actively and spread the message among your friends and family. The success of this initiative depends on the collective efforts of each and every one of us. Let's come together and positively impact our environment through this tree plantation drive.

The detailed CBSE circular can be viewed here:

We expect your full participation in this initiative and urge you to encourage your loved ones to plant a tree.

Note: All these plants are available at all the plant nurseries and also at Coconut Research Center.

Happy Planting!
