

C03 (2024-25)

To,

School Parents (Grades 1-10)

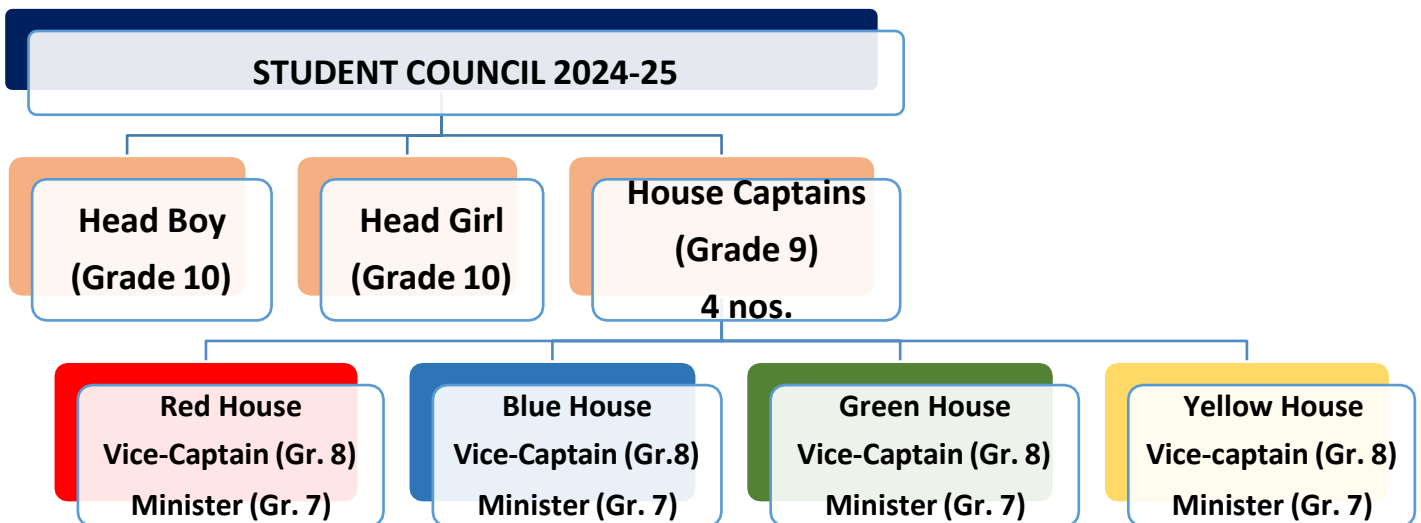

Ref:- Formation of the Student Council for the Academic Session 2024-25.

Dear Parents,

In the words of a wise man, “Leadership is an action, not a position.” While it's natural to be drawn to titles and positions, true leadership is about responsibility, action, and making impactful changes. Regardless of the role, leaders are expected to meet high standards.

Welcome, dear parents, to the Academic Year 2024-25. A school’s role goes beyond academics; it shapes a child’s character over time. Developing leadership skills in our young learners is crucial for their growth and for society. With today’s vast exposure, it's essential to nurture our children into future leaders.

This year, the student council selection will be conducted through physical voting. Learners from grades 3 to 10, along with teachers, will vote within their respective houses. The house-wise distribution list of learners was shared with you yesterday. Below are the details of the positions in the Student Council.

In all, we have 14 positions in the School Council.
